Anatomic & Clinical Pathology Update 2008

With The William M. Christopherson Society
32nd Annual Lectureship And Dinner
& The Pathology Practice Management Dinner

Thursday - Saturday
May 15-17, 2008

The Galt House Hotel & Suites
140 N. Fourth Street
Louisville, Kentucky
502-589-5200

Course Directors:
Saeed A. Jortani, Ph.D.
Sunati Sahoo, M.D.
Stephen P. Slone, M.D.

UNIVERSITY of LOUISVILLE
Department of Pathology and Laboratory Medicine
University of Louisville School of Medicine

Anatomic Pathology Update - Approved For:
14.5 Hours of Category 1
Credit For Physicians

Clinical Pathology Update - Approved For:
7.0 Hours of Category 1
Credit For Physicians

William M. Christopherson Society 32nd Annual Lectureship - Approved For:
1 Hour of Category 1
Credit For Physicians
Thursday, May 15, 2008

Clinical Pathology

Morning Session: Tumor Markers
Moderator: Roland Valdes, Jr., PhD

7:30 am  Registration and Continental Breakfast

8:00 am  Welcome/Introduction/New Tests
Ronald J. Elin, MD, PhD

8:15 am  Keynote Address - Overview of Tumor Markers: Discovery-to-Application
Herbert A. Fritsche, PhD

9:15 am  Molecular Markers in Hematopathology
Alvin W. Martin, MD

10:00 am  Break

10:15 am  Prostate Cancer: Clinical Lab Perspective
Herbert A. Fritsche, PhD

11:00 am  Prostate Cancer: A Clinician’s Perspective on Current Biomarkers
Kristian Novakovic, MD

11:45 am  Questions/Discussion

12:00 pm  Lunch and Exhibitors

Afternoon Session: Coagulation
Moderator: James Snyder, PhD

1:15 pm  Clinical Applications of the Platelet Function Analyzer (PFA)-100
John Francis, PhD

2:00 pm  Rapid Function Tests to Monitor Clopidogrel and Aspirin
Sandra C. Hollensead, MD

2:45 pm  Break

3:00 pm  The Role of Thromboelastography in Guiding the Management of Hemostasis Disorders
William B. Lockwood, PhD, MD

3:45 pm  Platelet Transfusion Reaction: A Preventable Event with Associated Platelet Anomaly
James Engle, MD

4:15 pm  Questions/Discussion

4:30 pm  Closing/Thank You

4:45 pm  Evaluation and Adjournment

5:00 pm  Special Evening Seminar - see red box below

Friday, May 16, 2008

Anatomic Pathology

Morning Session: Hematopathology
Moderator: Sunati Sahoo, MD

7:30 am  Registration and Continental Breakfast

7:50 am  Welcome and Introduction
Ronald J. Elin, MD, PhD

8:00 am  Hodgkin Lymphoma
Jeffrey Medeiros, MD

9:00 am  Primary Cutaneous T-Cell Lymphomas: Diagnosis & Classification Require More Than Morphology
Stephen Slone, MD

10:00 am  Break

10:15 am  Diffuse Aggressive B-Cell Lymphomas
Jeffrey Medeiros, MD

11:15 am  Classification of Acute Leukemia
Alvin Martin, MD

12:00 pm  Lunch

Afternoon Session: Dermatopathology
Moderator: Stephen P. Slone, M.D.

1:00 pm  Diagnosing Melanoma in Situ: Traps and Pitfalls
Jennifer McNiff, MD

2:00 pm  Commonly Encountered Diagnostic Dilemmas in Dermatopathology--Potential Pitfalls To Be Aware Of
Janine Malone, MD

3:00 pm  Break

3:15 pm  Inflammatory Mimics of Mycosis Fungoides
Jennifer McNiff, MD

4:15 pm  Not Just Skin Deep! A Case Based Approach to Cutaneous Clues of Internal Disease
Soon Bahrami, MD

FRIDAY AGENDA CONTINUED AT TOP OF NEXT PAGE

---

PATHOLOGY PRACTICE MANAGEMENT DINNER
Critical issues in professional component of clinical pathology billing

We invite pathologists to attend a dinner on Thursday night, May 15, 2008 in the Galt House to discuss current practice management issues for professional component billing (Part A services) for clinical lab testing. The dinner will feature national and local speakers, with an introduction followed by an interactive session among pathologists, legal counsel, management consultants, and billing companies.

Topics include basic principles in starting Professional component billing and the current status of professional component billing nationally and in the Tri-State area. The dinner is free (no cme credit is available) but you must register by May 2, 2008 by calling (502) 852-7471.
Friday, May 16, 2008 - Continued

5:00 pm  Evaluation and Adjournment of Friday Pathology Symposium

5:30 pm  William M. Christopherson Society Lecture: PathoGISTs and GISTs: Our Constant Battle with Stromal Tumors
          Henry Appelman, MD

6:30 pm  Evaluation of William M. Christopherson Society

6:35 pm  Reception for Participants of William M. Christopherson Lecture

7:15 pm  William M. Christopherson Society Dinner

Saturday, May 17, 2008

Anatomic Pathology

Morning Session: Genitourinary Pathology
Moderator: Houda Alatassi, MD

7:30 am  Registration and Continental Breakfast

8:00 am  Mimickers of Prostate Carcinoma on Needle Biopsy
          George Netto, MD

9:00 am  Carcinoma of the Bladder: Emphasis on Common Problems Faced in the Histopathologic Evaluation of Biopsies
          Satish Tickoo, MD

10:00 am Break

10:15 am  Renal Neoplasms: Morphologic and Prognostic Parameters Update
          George Netto, MD

11:15 am  Testicular Tumors: Role of Pathologists in Therapeutic Decision-Making
          Satish Tickoo, MD

11:45 am Lunch

Afternoon Session: Gastroenterology/Liver Pathology
Moderator: Grace Moore, ND

12:45 pm  Why Do Biopsies from Ulcerative Colitis Colons Look More and More Like Crohn’s Colitis?
          Henry Appelman, MD

1:45 pm  Finding the Final Piece . . . How to Help Your Gastroenterologist Complete the IBD Puzzle
          Gerald Dryden, MD

2:45 pm Break

3:00 pm  Barrett’s Mucosa and its Dysplasias, Definitions and Diagnostic Criteria
          Henry Appelman, MD

4:00 pm  Conclusions
          Stephen P. Slone, MD

4:15 pm Evaluation and Adjournment
A team of well-known and authoritative speakers have been selected to present this intensive review and update various aspects of clinical and anatomic pathology (surgical and cytopathology) of neoplastic and non-neoplastic diseases in the major organ systems.

Emphasis will be given to selected topics of continued interest and an update on how to solve the day to day diagnostic problems.

This course has been designed for practicing pathologists, pathology residents and fellows, laboratorians, family practitioners and nurses. Clinical specialists may benefit by attending particular sessions in their own areas of subspecialty interests.
1. Describe current developments in clinical and anatomic pathology and its sub-specialty areas, so that pathologists can practice clinical and anatomic pathology correctly and errors are avoided.

2. Review tumor markers so that the attendees become familiar with an up to date understanding of efforts on the discovery and practical fronts relative to diagnosis of cancer.

3. Discuss prostate cancer screening so that attendees become familiar with the issues involved in the diagnosis and management of this disease.

4. Review markers for hematologic tumors so that attendees become familiar with the new advancements in diagnosis of hematologic disorders using biomarkers.

5. Discuss PFA-100 so that the participants are taken through a review of rapid platelet function tests that are currently available, with emphasis on utilization in a clinical laboratory setting.

6. Describe thromboelastography so that attendees become familiar with the use of this testing in assessing clinical coagulation abnormalities.

7. Apply new immunohistochemical and molecular techniques for the diagnosis and differential diagnosis of entities in different sub-specialty areas so that pathologists can specifically pinpoint the diagnosis of anatomic pathologic lesions and the patients can be treated correctly.

8. Explain the most recent advances in new procedures and techniques in the diagnosis of pathologic lesions so that the pathologists can add new tools for correct diagnosis and evaluation of patients.

9. Identify the current concepts in surgical pathology so that the pathologists can update their knowledge in clinical and anatomic pathology.

10. Describe current developments in anatomic pathology and its sub-specialty areas so that the pathologists can practice anatomic pathology correctly and errors are avoided.

11. Apply new immunohistochemical and molecular techniques for the diagnosis and differential diagnosis of entities in different sub-specialty areas so that the pathologists can specifically pinpoint the diagnosis of anatomic pathologic lesions and the patients can be treated correctly.

12. Explain the most recent advances in new procedures and techniques in the diagnosis of pathologic lesions so that the pathologists can add new tools for correct diagnosis and evaluation of patients.

13. Identify the current concepts in surgical pathology so that the pathologists can update their knowledge in anatomic pathology.
CONTINUING EDUCATION CREDIT

Physicians - University of Louisville Continuing Health Sciences Education designates this educational activity for a maximum of 22.5 AMA PRA Category 1 Credit(s)™ (14.5 Anatomic Pathology, 7.0 Clinical Pathology, 1.0 Christopherson Lecture). Physicians should only claim credit commensurate with the extent of their participation in the activity.

The University of Louisville School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ACCENT by AACC - Application is pending. Note: ACCENT by AACC credit has been applied for only for the Clinical Pathology portion of this program, which takes place on Thursday, May 15, 2008.

REGISTRATION

Registration fee includes continental breakfast, refreshment breaks, lunch and parking (on the day(s) for which you register), and course materials provided by the course faculty. Note: Faculty, Residents/Fellows of the UofL Department of Pathology may attend the course at no charge, but pre-registration is required. To register, please complete the registration form and mail it to the address listed on the form or fax it to 502-852-6300. You may also register online at www.chse.louisville.edu.

PROGRAM SITE - LODGING - PARKING

The program will be held in The Galt House East Hotel, 140 N. Fourth Street, Louisville, Kentucky, 40202. A block of rooms have been reserved at the conference rate of $119.00 plus tax per night for single or double occupancy ($129.00 for triple occupancy, $139.00 for quadruple occupancy). You must reserve your room(s) by April 14, 2008 to qualify for this special rate. Hotel reservations are to be made directly with the hotel by calling 502-589-5200. Be sure to mention the U of L Pathology Program when making your reservation in order to receive the conference rate. Parking is available in the garage adjacent to the hotel and is free for symposium participants (see registration desk for parking sticker).

CANCELLATION POLICY

Requests for cancellation must be e-mailed to chse@louisville.edu on or before May 1, 2008. Requests e-mailed on or before May 1, 2008 will receive a full refund less a $25.00 processing fee following the conclusion of the meeting. No refunds will be issued for cancellation requests received after May 1, 2008.

University of Louisville Continuing Health Sciences Education reserves the right to cancel this program and will assume no financial obligation to the registrants for cancellation. In case of program cancellation, registration fees will be refunded in full. However, costs incurred by the registrants (i.e. airline fees, hotel fees or penalties) are the registrant’s responsibility.

SPECIAL SERVICES

To request disability arrangements, contact Continuing Health Sciences Education at 502-852-5329 at least 14 days prior to the date of this program. Continuing Health Sciences Education fully complies with the legal requirements of the ADA and the rules and regulations thereof.

FOR FURTHER INFORMATION

Please contact Continuing Health Sciences Education by phone (502) 852-5329, fax (502) 852-6300 or e-mail at chse@louisville.edu.
